

The Science of Life

Cale Rainer takes the sense of life to the limits of extreme in this somewhat involved, yet intimate look into our social origin.

Believers and Atheists alike...

Get ready to “walk the line” when the Patriarch of life unmasks, showing off his true nature. This surprise vision of the Divine Presence, rising in social conscious, inspired a worldwide movement known as Religion.

No Myth...No Magic

THE ORIGIN COMES ALIVE clearly explains the many thousands of words that have created a maze of confusion on this topic and dumbfounded much of civilization since the beginning of time, keeping us guessing how ‘Belief in God’ began.

No fantastic stories of miracles...just straight talk and simple explanations about how to recapture the memory of the very beginning of life.

The book cover features a dark blue night sky with a starry background. A white dove is flying in the upper left. A glowing path leads from the bottom towards a small white church with a steeple in the distance. A single green tree stands on the left side of the path. The title "The Origin Comes Alive" is written in large, white, serif font. Below the title, the subtitle "Uncovering the Path to the Divine Presence" is written in a smaller, white, sans-serif font. At the bottom, the author's name "Cale Rainer" is written in a brown, serif font. Green foliage is visible at the bottom edge of the cover.
